

American Fabric Filter Co.

Your ultimate source for dust bags, screens and rubber products!

How we measure...

Measurement Confirmation Worksheet

Include any rolled edge or flange

DIA is measured straight across a circle. Indicate if ID or OD

CIRCUMFERENCE is measured all the way around the circle. (A little over 3 times the *diameter*.)

Measure Thickness of tube sheet / cell plate

FLAT WIDTH is measured by pulling your loose bag or sleeve out flat and reading the stretched out width. Indicate if inside or outside. (About 1-1/2 times the *diameter*.)

NOTE: All measuring methods are usable. We just convert them, but ...
We need to know which way you actually measured

Use This Area For Notes
